We Recommend That You Do Not Print This Entire Document

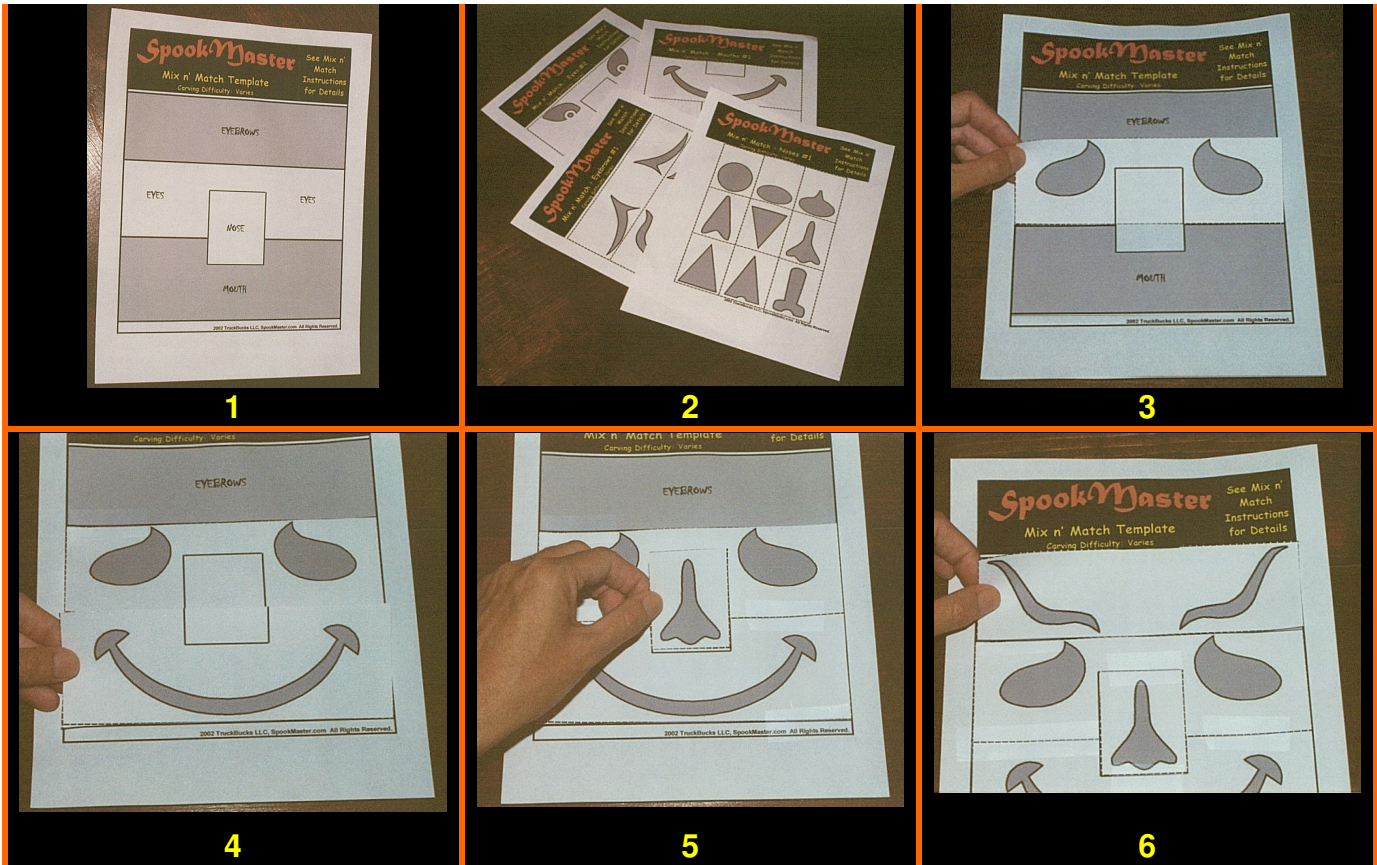

It is long so printing it in its entirety will cause you to spend lots of money on ink and paper. Just browse the patterns and print the ones you want.

Make sure to visit www.spookmaster.com on future Halloweens because we are always adding new patterns and ideas. While you're there, remember to check out our great Halloween games and recipes.

Mix n' Match Instructions

1. Print out the Mix n' Match template. Notice the position of the eyes, eyebrows, nose, and mouth.
2. Select one or more templates for each facial feature and print the templates you want.
3. Start with the eyes. Select the eyes that you want and cut them out along the dotted lines provided on the template. Make sure to cut **only along the dotted lines** and do not cut along the solid lines that run between the eyes. Place the eyes in the area marked EYES on the Mix n' Match template and secure with transparent tape.
4. Select the mouth that you want and cut it out along the dotted lines provided on the template. Make sure to cut **only along the dotted lines** and do not cut along the solid lines. Place the mouth in the area marked MOUTH on the Mix n' Match template and secure with transparent tape.
5. Select the nose that you want and cut it out along the dotted lines provided on the template. Place the nose in the area marked by the rectangle below the eyes and above the mouth and secure with transparent tape.
6. Select the eyebrows that you want and cut out along the dotted lines. Place the eyebrows in the area marked EYEBROWS on the Mix n' Match template and secure with transparent tape. The eyebrows can be inverted for a different look.
7. Use this as your final pattern (as shown in the bottom corner) or make a copy. Follow the instructions under Carving Instructions or Painting Instructions.
